

RASAYANAM

Rasayanam is an Intercollegiate Chemistry Festivals of The Department of Chemistry, ICT. It is mainly organized by the students of the M.Sc. Chemistry programme of the Institute. It was first conceived in 2013. It is organized to bring together graduate and post-graduate students from colleges in Mumbai and celebrate the achievements of chemistry and enthuse the young minds to pursue career in Chemistry. In the first year itself it attracted more than 200 students, and year after year the number is increasing. It has many events like – **Rasayan-Mela** – demonstration of interesting Chemistry experiments, **What The Fun-** a refreshing out-of-the-box quiz competition Chem Enigma, '**Chemdraw** – a poster competition, Megaminds, **ChemShod** – Treasure Hunt, **Chem-Crossword**.

The event is organized in January every year. For the participation in the event, the class representative of M.Sc., Second Year, may be contacted.
