MESS CHIMNEY INAUGURATION

A black and white photograph of a large, multi-story concrete building, identified as ICT Hostel. The building has a distinctive architectural style with a grid-like facade on the left side. In the foreground, there is an outdoor basketball court with visible court lines. The court is surrounded by a chain-link fence. Several trees, including palm trees, are planted around the court and in front of the building. The sky is clear and bright.

ICT Hostel is awaiting to welcome you...
